Current Responsibility

Pete Abbate is a property and casualty actuary. He is based in the San Francisco office of Milliman and joined the firm in 2024.

Professional Work Experience

Pete's areas of expertise include:

- Developing proposed rates for personal auto, commercial auto, and personal umbrella products, including indications, rate reviews, and dislocation analysis
- Preparing regulatory filings for submission to departments of insurance in multiple states, including implementation of new/updated products
- Developing pricing and analytical tools for ratemaking and profitability monitoring
- Facilitating the development and implementation of predictive models for rate classification

Prior to joining Milliman, Pete was a senior manager and actuary at GEICO, responsible for producing rate indications and loss ratio projections for personal auto and commercial auto lines of business.
