Current Responsibility

Ellen Harrington is a principal and consulting actuary with the Boise, Idaho, office of Milliman. She joined the firm in 2013.

Professional Work Experience

Ellen works with a variety of public, multi-employer, and corporate clients. She works primarily with self-funded employee health benefit plans. Her consulting work has included health plan pricing and analysis; experience analysis; setting funding and COBRA rates; estimating liabilities and reserves, including IBNR; benefit design, reporting required by state insurance departments as part of actuarial certifications of self-funded health plans, and Retiree Drug Subsidy attestations.

Professional Designations

- Associate, Society of Actuaries
- Member, American Academy of Actuaries
- Licensed Health and Life Insurance Agent

Education

BA, Mathematics and German, University of Wisconsin–Madison
