Current Responsibility

Rahul Mohan is a principal and consulting actuary with the Chicago office of Milliman. He joined the firm in 2013.

Professional Work Experience

Rahul has 15 years of experience in the life insurance and annuities marketplace, specializing in mergers and acquisitions advisory and financial reporting. His main areas of expertise are in advising clients with the development of sell-side actuarial appraisals of complex transactions and reinsurance structures, buy-side due diligence advisory, MG-ALFA asset liability model development for M&A valuations, and model initiatives for various company-specific needs like asset adequacy testing, cash flow projections, etc.

As a sell-side advisor, Rahul assists companies with the development of actuarial appraisals, including valuation and assumption setting, advising through the due diligence process, and any other capital management initiatives as they arise through the marketing and sales process. He has extensive experience working with multinational companies, private equity firms, reinsurers, and insurers of varying sizes.

Professional Designations
